#### BRIEF:

Having created the original restaurant at The Hari London, Tara Bernerd & Partners were invited to revisit and reimagine the design for il Pampero to coincide with the hotel's relaunch in 2016. The team were involved with the creative direction from the outset, and even came up with the restaurant's name, in homage to the owner's favourite horse. Drawing upon the new Italian menu, their philosophy was to create a design DNA, which embodies effortless Italian chic and vintage glamour.

Marrying Italian hospitality with Belgravian lifestyle, Tara Bernerd & Partners created a bespoke design scheme that embraces informal luxury. Bold Vespa-green lacquers and rich velvets are combines with soft leathers and heritage fabrics to create a warm and inviting ambience. The subtle backlighting used to illuminate the feature bar draws the eye into the space and provides a seductive experience, whether you're enjoying an early-afternoon coffee or cocktails with aperitivo.
